PRODUCT SPOTLIGHT

Satin Peptide ~ Intelligent Skin Care

With a new mitochondria formulation driven by a special nano-complex for quick delivery into the skin, Satin Peptide is potent blend of active "age-defying" peptides, hydrators, and antioxidants for serious age management.

With added advantages from rice proteins for strengthening and hydration and resveratrol for potent antioxidant support for potent age-reducing support, Rhonda Allison's Satin Peptide is an age-defying serum like none other.

- ◆ Added strengthening and firming benefits from rice (peptide) protein
- ◆ Resveratrol from the Giant Knot Weed for powerful antioxidant support
- ◆ A powerhouse mitochondria complex to fight against aging skin
- ◆ A potent peptide formulation to stimulate collagen synthesis offering an alternative to collagen injections
- ◆ The newest generation of biomimetic peptides which substitutes for natural skin growth factors to reduce fine lines and wrinkles

Don't forget to add-on a full body Sugar Scrub in either Lemongrass or Lavender to your Facial Treatment for only \$35 more~ Why not pamper your entire body? Luxury can be yours!
